

Pocket Anatomy: A Complete Guide to the Human Body, for Artists and Students

Filesize: 7.65 MB

Reviews

This book can be worthy of a read, and much better than other. It usually fails to charge a lot of. I realized this publication from my dad and i encouraged this pdf to understand.

(Prof. Flo Cruickshank DDS)

Barron's Educational Series. Hardback. Book Condition: new. BRAND NEW, Pocket Anatomy: A Complete Guide to the Human Body, for Artists and Students, Christopher Joseph, Based on a Gray's Anatomy, a the classic reference volume used for more than a century by medical students around the world, a Pocket Anatomy offers a brand-new approach to the study of human body structure. Featuring all the fine illustrations found in the original, this new book presents a fresher, more accessible text that explains in lay terms exactly how the hip bone is connected to the thigh bone. Although it possesses the reliability and authority of a technical manual, a Pocket Anatomy is organized so that non-specialist readers can understand both text and illustrations. Each bone joint and muscular group is shown from a variety of angles and poses, allowing readers to get a full understanding of its function. Not only medical students, but artists and art students will find a Pocket Anatomy an invaluable and visually appealing reference source. Printed in full color, it presents 350 illustrations.
