THE SOCIAL EVOLUTION OF RELIGION (CLASSIC REPRINT)

Forgotten Books. Paperback. Condition: New. This item is printed on demand. 448 pages. Dimensions: 9.0in. x 6.0in. x 0.9in. Excerpt from The Social Evolution of Religion In this volume have been stated the final results of fifty years devoted to the study of religion in its varied manifestations. Accepting for many years the generally accredited interpretations of Christianity, I have gradually diverged from them as the result of a growing interest in anthropology, ethnology, psychology, and comparative religion. These chapters were originally read to a small group of persons meeting in a private parlor in Boston, under the auspices of the local branch of The Free Religious Association of America. Not all which was written was read at any of these meetings, but often many pages were omitted in order that the lecture might be followed by questions and discussions. The lectures have been carefully corrected, many pages excised, many more pages added, and the whole rewritten and thoroughly revised. My friend, John Haynes Holmes, minister of the Community Church in the city of New York, has read the whole of the manuscript, given me the benefit of his suggestions and corrections, and written the foreword, which states briefly and pertinently that at which I have aimed in my book.
