Brand New Book ***** Print on Demand *****.If you want to become a full-time professional gambler it takes a lot of time, knowledge, and practice to ensure that you have an advantage over the casino. However, if you are just a recreational gambler looking for the best ways to win money in a casino, this is the book for you. I've made the methods as simplistic as possible. The goal of this book is to show gamblers how to play at even odds without having to make many changes. A gambler can't ask for more than that without spending a great deal of time studying and practicing the games. It does help if you have a basic understanding of blackjack and the different poker hands before you read this book. This book goes beyond the simple bets that one needs to make in order to have a realistic chance of going home a winner. There are many other aspects to gambling that can't be ignored if you want to be successful. Such as: Money Management Bankroll Self-Discipline Gambling Sessions Gambling Without the Guilt Emotional Control These are all components of becoming a gambler that has a realistic chance of winning when you gamble. There are some people that just want to go to the casino to have a good time and they don't care if they lose money. In fact, most of them expect to lose. That is certainly acceptable if that is what you choose to do, but hopefully this book will show you that with a few simple changes you can increase your chance of success greatly. I'm not going to make silly promises of you winning thousands...
