Reviews

It is great and fantastic. Better then never, though i am quite late in start reading this one. Its been written in an extremely simple way and is particularly only right after i finished reading this ebook where actually changed me, affect the way i really believe.

PALEO-HEBREW ETYMOLOGY (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Large Print. Language: English . Brand New Book ***** Print on Demand *****. A book with just the etymology of the Paleo-Hebrew alphabet. Etymology is the study of the strokes of the Paleo-Hebrew characters. It is an essential feature in the study of the language and the origins of the alphabet. Each letter corresponds to a Hieroglyphic picture and is theorized to therefore contain meaning related to the corresponding picture. It is considered to be the oldest known alphabet, dated by Travis Wayne Goodsell to be about 1500 + BCE.
