Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from What Hypnosis Really Is: A Complete and Lucid Explanation of the Art by Santanelli My investigations having proven to me that ninety-seven per cent of sane mankind, provided they are willing, can in time be hypnotized, that all the functions of the body respond to suggestion, and that within the next five years all functional disorders will be cured through suggestion, that the mental scientists, who as yet have no science, but who prove every day that wind controls matter, will merge their principles into the scientific workings of hypnotism, and thereby spread this great truth, I am desirous that the public may thoroughly understand the principles of this art. For that reason I offer them, free of charge, this little brochure, hoping that many will become interested, will investigate, and take up nature s own curative power suggestion. As all work and no play makes Jack a dull boy, my exhibitions will consist of a short but interesting explanation of what hypnosis really is, illustrated in the plainest manner possible with blackboard drawings and diagrams. These talks will not be long enough to be tiresome, after which I shall give an instructive entertainment with subjects of both sexes. AS AN entertaining exhibition can BE given without humiliating OR making fools OF people, I desire the co-opera tion of both old and young of both sexes, and ask them to meet me each evening at seven o clock on the stage at the theatre with this understanding, that if I succeed in hypnotizing them, they will come on the stage, and I will pledge them my word of honor as a man that I will cause them to do nothing that...
