I m still the same inside and I don t plan on changing. The things that have happened in our lives all this time are still as meaningful today as they were back then. So, what are we doing differently that really affects out points of view about the world as it is? Somehow, the older I get the more I find that I am doing things the way I used to. We don t forget, we are just out of practice. But, some things really bring it all back to life and nothing does it more than watching somebody s grandkid growing up. That s when you get to see that light in us all, once again. Shake it up, have fun, tell them what you used to do and how it used to be. They love it. Our kids tuned us out a long time ago...
