Reviews

Thorough information! Its this sort of good read. It is actually written in straightforward words rather than confusing. I am just delighted to let you know that this is basically the best book we have read within my personal existence and can be the greatest pdf for actually.

HANDBOOK ON DEVELOPMENT AND SOCIAL CHANGE (HARDBACK)

Edward Elgar Publishing Ltd, United Kingdom, 2018. Hardback. Condition: New. Language: English . Brand New Book. As the failings of neoliberalism become evident, the need for a new development paradigm becomes increasingly urgent. This Handbook offers a ground-breaking critical review of development and social change, and in doing so sets out the terms of the debates needed in areas where the orthodoxy has worn thin. The Handbook on Development and Social Change tackles key global topics including sustainability, regionalism and international finance, as well as examining key developing regions from Latin America to China. With original chapters by recognized experts from across the globe with proven practical experience, this Handbook examines the economic, political and cultural aspects of development and social change. Promoting a strong interdisciplinary approach, and integrating knowledge with practice, it moves beyond current development theories which deal poorly with the non-causal and chaotic and thus provides an approach which is fit for purpose in the modern era of global complexity. With its accessible coverage of complex issues this Handbook, will be of particular interest to students in the fields of development studies, development economics, comparative sociology and global politics.
