Reviews

The most effective publication i at any time read. We have study and i am sure that i will likely to read yet again once again in the foreseeable future. You will not truly feel monotony at anytime of your time (that's what catalogs are for about in the event you request me).

(Mr. Rafael Hoeger)

RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 30 pages. Original publisher: Washington, DC : Dept. of Veterans Affairs, Office of Inspector General, 2007 OCLC Number: (OCoLC)299070014 Subject: Veterans hospitals -- Evaluation. Excerpt: . . . Combined Assessment Program Review of the Clement J. Zablocki VA Medical Center, Milwaukee, WI Diabetes and Atypical Antipsychotic Medications - Patients Were Appropriately Screened and Managed The purpose of the review was to determine the effectiveness of diabetes screening, monitoring, and treatment of mental health patients receiving atypical antipsychotic medications (medications that cause fewer neurological side effects but increase the patients risk for the development of diabetes). VHA clinical practice guidelines for the management of diabetes suggest that: (a) diabetic patients hemoglobin A1c (HbA1c), which reflects the average blood glucose level over a period of time, should be less than 9 percent to avoid symptoms of hyperglycemia; (b) blood pressure should be less than or equal to 140 90 millimeters of mercury (mmHg); and (c) low density lipoprotein cholesterol (LDL-C) should be less than 120 milligrams per deciliter (mg dL). To receive fully satisfactory ratings for these diabetes performance measures, the medical center must achieve the following scores: HbA1c greater than 9 percent (poor glycemic control) - 15 percent of the patient population (lower percent is better) Blood pressure less than or equal to 140 90mmHg - 75 percent of the patient population (higher percent is better) LDL-C less than 120mg dL - 79 percent of the patient population (higher percent is better) Although the medical center did not consistently meet VHA performance measures for HbA1c glycemic values, blood pressure monitoring, or cholesterol control for all...
