Univ Europeenne, United States, 2012. Paperback. Condition: New. Aufl.. Language: French . Brand New Book. La sociologie et l anthropologie medicale ont su developper un regard critique sur notre orthodoxie medicale; au prix de debats parfois vifs et temoins de la diversite des regards portes sur le corps, la maladie et la societe. Ces deux disciplines ont aussi pu tisser des liens etroits et pertinents avec la clinique, tout particulierement dans le domaine de la psychiatrie et de la medecine de premier recours (medecine generale). En axant cet ouvrage sur les apports que ces sciences sociales amenant au travail du medecin generaliste, les concepts de culture, de maladie, de sante ou encore de medecine basee sur les preuves sont presentes et discutees, en recourant a la litterature tant medicale que celle des sciences sociales. Visant a proposer un dialogue constructif et franc entre medecine, sociologie et anthropologie, cet ouvrage offrira au lecteur plusieurs pistes de reflexion pour approfondir les liens complexes entre le patient, son medecin et notre modernite.
