

Fine Motor Activities

By Adriana Olabi

Strategic Book Publishing Rights Agency, LLC, United States, 2012. Paperback. Book Condition: New. 249 x 198 mm. Language: English . Brand New Book ***** Print on Demand *****.Fine motor skills are absolutely necessary for a normal child to develop the abilities to perform different activities.

The period of pre-school is the stage in the child's life when transition from dependence to autonomy takes place. The child's learning process is unconscious and continuous, so at this age, he should not be deprived of experiencing through various activities in the classroom or at home.

Weakness in fine motor skills affects a child's ability to perform simple tasks such as eating, coloring, brushing teeth, etc, which lowers his confidence and independence. Adriana Olabi grew up in the peaceful town of Orsova, Romania. She began studying Fine Mechanical Engineering in Timisoara, then left to go abroad at which time she studied English Language in Cairo, then Montessori Institute in Dubai where she has been teaching preschool for the past 15 years. Her next book will be about teaching preschoolers the alphabet through crafts. Adriana is fluent in the Arabic Language and lives in Dubai, United Arab Emirates.
