## THE ANATOMY OF THE HUMAN BODY TUTORIAL: SIMPLE BUT COMPLETE ANATOMY FOR THE ARTIST (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2010. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.A good understanding of a minimum amount of anatomy is necessary to be able to draw people on the fly. To give you this minimum amount of knowledge is the goal of this tutorial. The teaching methodology for a particular anatomical feature rests upon three pillars: 1. This, in turn, will help you tremendously in drawing the surface features correctly even if they are sometimes difficult to observe. These three steps flow seamlessly together to reveal the beauty and efficiency with which the anatomical feature is put together. Note that the emphasis is always on the ultimate surface feature, i.e., the item that the artist is required to draw. In other words, this tutorial is not a medical treatise but is aimed at the artist. The tutorial contains the following sections: the arm, the hand, the...
