

The Oil Card: Global Economic Warfare in the 21st Century

Filesize: 8.48 MB

Reviews

The publication is simple in go through preferable to fully grasp. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.

(Mrs. Josiane Collins)

THE OIL CARD: GLOBAL ECONOMIC WARFARE IN THE 21ST CENTURY

ReadHowYouWant. Paperback. Condition: New. 424 pages. Dimensions: 10.0in. x 7.8in. x 1.0in. Challenging the conventional wisdom surrounding high oil prices, this compelling argument sheds an entirely new light on free-market industry fundamentals. By deciphering past, present, and future geopolitical events, it makes the case that oil pricing and availability have a long history of being employed as economic weapons by the United States. Despite ample world supplies and reserves, high prices are now being used to try to rein in China a reverse of the low-price strategy used in the 1980s to deprive the Soviets of hard currency. Far from conspiracy theory, the debate notes how the U. S. has previously used the oil majors, the Saudis, and market intervention to move market sand shows how this is happening again. This compact and unorthodox analysis will appeal to a broad audience from energy consumers puzzled by intractably high oil prices to producers wondering how long windfall prices can defy gravity. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
