

## Studying Science (Microsoft Office 2003 Edition): A Guide to Undergraduate Success

By Pauline Millican, John Heritage

SCION PUBLISHING LTD, United Kingdom, 2009. Paperback. Book Condition: New. 234 x 156 mm. Language: English . Brand New Book. The authors draw on many years experience of working with bioscience students to introduce the skills needed to succeed in the Life Sciences at University. The user-friendly format, derived from the Study Skills guide given to new students at Leeds University, includes everything a beginning student needs to know about how to learn, how to make the most of teaching, how to present work, how to revise and pass exams, how to use computers effectively, how to plan the final year and beyond. Invaluable advice on topics such as time management, improving your memory, writing essays, and critical analytical thinking are covered in this practical, no-nonsense handbook that puts you at the heart of the learning process. Put simply, whether you are going to university straight from school to study for a life sciences degree, returning to education as a mature student, or beginning study in the UK for the first time, Studying Science is your passport to success. This version of the book is for those with computers running on Microsoft Office 2003. For those with computers running on...
