

Ford Windstar

By Frederic P. Miller

Alphascript Publishing. Taschenbuch. Condition: Neu. Neuware - The Ford Windstar is a minivan that was produced and sold by the Ford Motor Company from March 1994 (for the 1995 model year) to 2003. This front-wheel drive minivan would eventually replace Ford's aging rear-wheel drive Aerostar minivan. The two ran concurrently for three model years until the Aerostar's demise in 1997. For the 2004 model year, it was replaced by the Freestar. All Windstars were built in Oakville, Ontario, Canada. Unlike most Fords, the Windstar did not have a similar Mercury vehicle 'twin', and was completely unrelated to the Mercury Villager (although the Windstar's successor the Ford Freestar did have a twin, the Mercury Monterey). 96 pp. Englisch.
