Marco Torres was seven when his parents thought he was abnormal. The scare wasnt long, but little did they know, it was only the beginning. Eventually, Marco becomes aware of his abnormality so he searches for answers at a local library. Around the same time, ghostly visions of a crazed homeless man appear to him. When the defect and visions subside, Marco thinks hes in the clear until hes almost killed in an arcade by the same crazed man. As Marco gets older, the affliction intensifies. He lives as normally as he can and tries to become a writer. After a quick stint in the Navy, he flips when his path crosses with a mystery couple who have the same abnormality. They gain his trust the hard way, and help him understand what he truly has. When Marcos old friend gets senselessly murdered, he decides to take matters into his own hands.
