

Confluence Point: Centrist Solutions to America s Monumental Quagmires (Paperback)

By Ralph Nwobi

Outskirts Press, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Confluence Point is a book that offers middle-of-the-road solutions to the problems that have bothered the United States for a long time. In the book, the author identifies the gridlock that is present in our political system and government, due to constant disagreement on the perspectives and solutions offered by the two parties. He opines that most of these seemingly insurmountable problems can be addressed, if elected officials and politicians from both sides of the aisle come together to negotiate and deal with each other, despite their partisan and ideological differences. The author believes that such meeting of the minds, in the absence of blatant mendacity and distortion of facts, is the panacea for solving the country s problems and accomplishing great things in our government. It will restore America as an enduring democracy and the last best hope for man, on earth.
