

Guidelines for the Economic Analysis of Projects (Paperback)

Filesize: 1.06 MB

Reviews

The publication is great and fantastic. It can be filled with knowledge and wisdom You wont truly feel monotony at at any moment of your time (that's what catalogues are for about if you ask me).

(Dr. Marcos Grimes III)

GUIDELINES FOR THE ECONOMIC ANALYSIS OF PROJECTS (PAPERBACK)

ASIAN DEVELOPMENT BANK, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Guidelines for ADB staff, consultants, and officials of developing member countries in assessing project proposals for economic viability and financial sustainability. Project economic analysis aims to ensure that scarce resources are allocated efficiently, and investment brings benefits to a country and raises the welfare of its citizens. It is a tool used by ADB to ensure that ADB operations comply with its Charter. The guidelines in this publication are a revised version of the 1997 edition. The revision responds to the changing development context and ADB operational priorities, and aims to address the recommendations of the ADB Quality-at-Entry Assessments for more methodological work on project economic analysis. The revised guidelines provide general principles for the conduct of project economic analysis, and should be read together with handbooks, technical reports, and other reference materials published by ADB dealing with sector-specific project economic analysis in detail.
