## Practical Guidelines to Select and Scale Earthquake Records for Nonlinear Response History Analysis of Structures: Open-File Report 2010-1068

By Anil K. Chopra

BiblioGov. Paperback. Condition: New. This item is printed on demand. 130 pages. Dimensions: 9.7in. x 7.4in. x 0.3in. Earthquake engineering practice is increasingly using nonlinear response history analysis (RHA) to demonstrate performance of structures. This rigorous method of analysis requires selection and scaling of ground motions appropriate to design hazard levels. Presented herein is a modal-pushover-based scaling (MPS) method to scale ground motions for use in nonlinear RHA of buildings and bridges. In the MPS method, the ground motions are scaled to match (to a specified tolerance) a target value of the inelastic deformation of the first-mode inelastic single-degree-of-freedom (SDF) system whose properties are determined by first-mode pushover analysis. Appropriate for first-mode dominated structures, this approach is extended for structures with significant contributions of higher modes by considering elastic deformation of second-mode SDF system in selecting a subset of the scaled ground motions. Based on results presented for two bridges, covering single- and multi-span ordinary standard bridge types, and six buildings, covering low-, mid-, and tall building types in California, the accuracy and efficiency of the MPS procedure are established and its superiority over the ASCESEI 7-05 scaling procedure is demonstrated. This item ships from La Vergne, TN. Paperback.

### Reviews

*Excellent electronic book and helpful one. Better than never, though i am quite late in start reading this one. You wont truly feel monotony at whenever you want of your time (that's what catalogues are for relating to when you question me).*

-- **Mabelle Dach III**

*Absolutely essential go through ebook. It is actually rally intriguing through looking at time. I realized this ebook from my i and dad advised this publication to understand.*

-- **Prof. Demetris Rau III**
