We don't need more of the church; at least not more of the church as we have previously known it. We don't need more straight-laced, behavior-management obsessed, bottom-line focused, boundary-drawing corporations calling themselves the Body of Christ. No, we need this thing we call church to look more like a local diner - more like a neighborhood bar - more like a Waffle House restaurant - then, people might feel welcomed at church once again. - Ronnie McBrayer

In *The Gospel According to Waffle House*, Ronnie McBrayer employs his years of experience as a pastor, chaplain, and syndicated columnist, to challenge people of faith to rethink how they do church. He proposes a modest, commonsense vision that would reshape Christian congregations into welcoming places for all people; places that would preach and practice simplicity; and places that would operate with grace and flexibility. This is essential reading for those who wish to do simple church in a time when Christianity is increasingly fragmented and complicated. If you have been looking for a back-to-the-basics model for your church, then the table is spread. *The Gospel According to Waffle House* is for you. Ronnie McBrayer leads *A Simple Faith* in Santa Rosa Beach, Florida and is the author of multiple books and publications including his nationally syndicated newspaper and internet column, *Keeping the Faith*.
