Brand New Book ***** Print on Demand *****.Excerpt from Canning Peaches on the Farm Sir: I have the honor to transmit herewith a manuscript entitled Canning Peaches on the Farm, by Mr. H. P. Gould, Pomologist in Charge of Fruit District Investigations, and Mr. W. F. Fletcher, Scientific Assistant, and to recommend that it be published as a Farmers Bulletin. The proper utilization of the poorer grades of fruit is a matter of much importance to the growers. In some seasons, also, even the better grades can not be satisfactory marketed on account of the abundance of the crop or for other reasons. Serious losses, which frequently occur with quickly perishable fruits like the peach, can doubtless be prevented if adequate means are at hand for disposing of the crop in other ways than by marketing it in the fresh state. The canning of peaches, a comparatively simple and easy process, is one of the most satisfactory methods of handling this fruit on the farm when market conditions for the fresh fruit are unfavorable.
