He finds six strange circles of skin gone completely numb, three neatly spaced down the center of his chest and abdomen, and three more down his spine. His doctor takes sadistic pleasure in carving out bits of Frank's flesh and a perverse childlike glee flipping through hundreds of pictures of his interior. But when the tests come back, he's unable to make a diagnosis and refers Frank to a psychiatrist. Under guided hypnosis, Frank uncovers clues in a repressed dream, but his sessions on the couch are soon cut short when he loses his job and his health insurance. Now Frank is forced to solve the mystery of his six dead spots on his own. Armed with nicotine patches, pornography, sleeping pills, and a stack of books on lucid dreaming, Frank delves into a world of nightmares to do battle with the monsters lurking inside his head.
