Reviews

Completely essential read publication. It is really basic but excitement in the fifty percent of the book. You will not really feel monotony at anytime of your respective time (that's what catalogues are for about in the event you ask me).

Brand New Book ***** Print on Demand *****.Excerpt from A Guide to the Study of Occupations: A Selected Critical Bibliography of the Common Occupations With Specific References for Their Study It is the purpose of this volume to present the latest and most authoritative material now available for educational and vocational guidance, for use in classes in occupations in the public schools, for vocation bureaus in colleges, and for librarians. The necessary inclusion of a considerable number of general reference books and textbooks should give it value not only in choosing a life work but in determining on courses of study, for students in vocational classes in the technical and higher institutions as well as in junior high and high schools. The establishment of life-career courses in the schools is much more widespread and significant than is generally supposed. One hundred and ninety-four high schools in eighteen North Central states already have classes in occupations. In Los Angeles, in October, 1919, out of 6061 children enrolled in the junior high schools of the city 2590, or 42.7 percent, were found in classes studying occupations. Cities and towns in the East are introducing such courses as the wisest and most effective means of giving vocational information to young people. This movement has outsped adequate preparation for it. Teachers and counselors in the schools and men and women outside have been at great loss for trustworthy information on the work of life. College associations, interested in vocational guidance, have held conferences in an attempt to supply the need. Librarians have helped by preparing bibliographical lists which have not been comprehensive or fully annotated. The American Library Association sent thousands of books to France to...
