

## The Disability Pendulum: The First Decade of the Americans With Disabilities Act (Critical America Series)

Filesize: 3.76 MB

### ***Reviews***

*These types of publication is the greatest publication available. It really is filled with knowledge and wisdom Once you begin to read the book, it is extremely difficult to leave it before concluding.*  
*(Prof. Lenna Beatty III)*

## THE DISABILITY PENDULUM: THE FIRST DECADE OF THE AMERICANS WITH DISABILITIES ACT (CRITICAL AMERICA SERIES)

NYU Press, 2007. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: "Colker's book provides a comprehensive review of the ADA's history and a thorough analysis of how effective it has been in vindicating the rights of the disabled. She does not paint a pretty picture, but it is an accurate, empirically based assessment."--Trial"A comprehensive, factually-supported, and carefully reasoned book in a manner worthy of academic interest. At the same time, Colker writes in a plain style free of academic jargon and returns consistently to the human-interest arena of practical ramifications."--New York Law Journal"This book is must reading for teachers, school administrators, parents, vocational rehabilitation counselors, disability rights lawyers, and Deaf Community leaders who hope to help take the citizenship interests of deaf and hard-of-hearing people to the next level. The book helps these constituencies make the essential connections between raising and educating deaf children and the rights and opportunities those children hope to enjoy."--Journal of Deaf Studies and Deaf Education"The Disability Pendulum chronicles societal views and court reactions to the evolving ADA. Ruth Colker shows that public acceptance and inclusion of persons with disabilities into society is as much driven by attitudes about disability as by law and policy themselves. Colker offers an enriched and fresh analysis of the forces affecting the civil rights movement of persons with disabilities in American society."--Peter Blank, Charles M. and Marion Kierscht Professor of Law and Director, Law, Health Policy & Disability Center, University of Iowa College of Law"Ruth Colker's book is an absolute must-read for anyone interested in disability rights. Colker has long been one of the most astute observers of the development of disability rights in the courts. This.
