2012 Survival Guide: How to Survive Global Disaster Scenarios. (Paperback)

By Marcin Michel, Andrew J Robinson

Createspace Independent Publishing Platform, United States, 2011. Paperback. Condition: New. Erin Kathleen Weston (illustrator). Language: English . Brand New Book. This Survival Guide is dedicated to those individuals that take the risk of natural disasters seriously. This complete survival guide has been thoroughly researched and compiled as a vertical slice of hundreds of survival techniques, to present only practical and useful information. Many cultures and religions have an End of the World scenario, some believe it; some don't. However, many of those beliefs are rooted in one similarity: that 2012 could truly be the end of civilization as we know it! The fact that so many ancient people (notoriously Mayans and Christians) could agree on one specific time warrants our attention. With that in mind, we are pleased to present a detailed outline on how to survive any cataclysm that might befall our world. Some of these might seem farfetched: polar reversal, asteroid impact, Nuclear Winter; while others: a pandemic, earthquakes, tsunamis, and Global Climate Change - are things we hear about on almost a daily basis. We all know the news can't predict the future. If Ebola suddenly swept your community, would you know what to do?...
