America Star Books, United States, 2012. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.There is no life without sorrow attached to it, many were buried with grief that their eyes have forgotten the last time they broadened with a smile. The wind hails and the forest shrieked, leaving the earth no option than to quake above its might, and then there was deep silence. Again, very soon it will all begin and shall have no end. Our story begins with a king in the southern forest whose sorcery skill made a god among humans ever lived, and was left with nothing but a yoke, the journey that took him through the isle of the gods, which had fed us with the secret of their existence. Isle of the Gods is a chain event that estranged fate, story of kings whose thoughts were to liberate common man from bondage of the gods, whom it was believed to be the architects of human failure. Legendary tale, a historical event that challenged a man's destiny, story of kings and prince abandoned by men and hunted day and night by the gods. Prince Nnamdi wrestled his fate, tied with the pressure from Great Britain, fear and terrors from unknown world. Then came down the gods and arrayed great wars, to avenge the bloodshed and the atrocities committed by the kings before him, and the destiny he carried.
