Boltzmann's Tomb: Travels in Search of Science (Hardback)

By Bill Green

Bellevue Literary Press, United States, 2011. Hardback. Condition: New. New. Language: English . Brand New Book. A selection of the Scientific American book club Recommended by MSNBC, Los Angeles Times, American Association for the Advancement of Science's SBF magazine This wonderful scientific memoir captures the romance and beauty of research in precise poetic prose that is as gorgeous and evocative as anything written by Rilke, painted by Seurat, or played by Casals. --Mary Doria Russell, author of Doc and The Sparrow A radiant love letter to science from a scientist with a poet's soul .Green is an exquisite writer, and his fierce focus and mastery of style are reminiscent of the biologist and essayist Lewis Thomas. --Kirkus Reviews In Boltzmann's Tomb, Bill Green interweaves the story of his own lifelong evolution as a scientist, and his work in the Antarctic, with a travelogue that is a personal and universal history of science. Like Richard Holmes The Age of Wonder--this book serves as a marvelous introduction to the great figures of science. Along with lyrical meditations on the tragic life of Galileo, the wildly eccentric Tycho Brahe, and the visionary Sir Isaac Newton, Green's ruminations return throughout...
