Declan called off his wedding after realizing he liked both women and men well, one man in particular. His friend and partner, Noah. Caught up in guilt after breaking his fiancée's heart and almost ruining his relationship and partnership with Noah, Declan has been so preoccupied with living the life he's expected to lead, he's ignored his heart and other organs. Noah has waited long enough for Declan to realize they were meant to be together. He's taken the situation into his own hands and dragged Declan to Hunters Valley. And he's invited Violet to the luxury vineyard hotel under the guise of a working weekend to introduce her to Declan. Convincing the man he loves and the beguiling woman with honey-gold hair to consider his proposal is going to be tough, but Noah is ready to take them both on and make sure they all come out on top at least once. Unquestionably, this is actually the very best job by any publisher. It really is basic but unexpected situations within the 50 % from the book. I discovered this book from my dad and I advised this publication to discover.
