AMAZING ANIMAL COMMUNICATORS (PAPERBACK)

Capstone Press, 2015. Paperback. Condition: New. Language: English . Brand New Book. Sound, sight, and chemicals are all important as animals attempt to communicate warnings, information about food, to attract a mate, or sometimes just for pleasure. Whales communicate across hundreds of miles of ocean with ultrasound songs. Fireflies use flashes of light to attract a mate. Skunks squirt foul-smelling chemicals to ward off attackers.

Reviews

Completely one of the best publications I have ever studied. I really could comprehend almost everything out of this written publication. Your daily life span will likely be changed as soon as you start reading this publication.

Thorough information for publication lovers. It was actually written extremely properly and useful. I found out this publication from my father and he suggested this book to learn.
