By Mukesh Prasad

CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 152 pages. Dimensions: 9.0in. x 6.0in. x 0.3in. What is the nature of light Is it a wave or particles Both at the same time Neither Is manmade climate change due to CO2 real What is the relationship of human consciousness to quantum physics Did Einstein really formulate the theory of relativity How does academia suppress facts that contradict prevailing theories From Light to Eternity seeks to answer these and other science-related questions as it recounts its authors scientific journey from the early days of the Internet to the present. As a young graduate student, Mukesh Prasad interacted with and debated some of the greatest scientific minds of the time when the Internet was in its infancy. A true democracy where anyone who could hold his own if he had the knowledge, the early Internet allowed Prasad to debate such topics as relativity, the nature of light, quantum physics and more with top experts in these fields. As a generalist rather than an expert in a narrow field of knowledge, he was able to achieve a perspective that subject matter experts couldnt attain. Consequently, he arrived at commonsense...
