Schiffer Publishing Ltd, United States, 2004. Paperback. Condition: New. Language: English . Brand New Book. The North American XB-70 Valkyrie is one of the most unusual looking aircraft in aviation history, and only two were constructed. It was originally designed as a Mach 3 high-altitude bomber, but was later used as a research aircraft. This new book by John Cambell is an all-color photo study of the XB-70, including production, flight tests, and the fatal crash of Aircraft #2. Aircraft #1 is now at the U.S. Air Force Museum at Wright-Patterson AFB.
