Emerald Group Publishing Limited, United States, 2002. Hardback. Book Condition: New. New.. 230 x 154 mm. Language: English . Brand New Book ***** Print on Demand *****.This volume is a sympathetic but analytical and critical view of social constructivist teaching, considering both its affordances (what it offers to students when implemented well in situations for which it is well suited) and its constraints (enabling conditions; situations in which these conditions are absent and other forms of teaching are more appropriate). Contributors were asked to explain what social constructivist teaching means in the areas of teaching in which their scholarly work has concentrated, to describe the forms that such teaching takes and the rationale for using them, assess their strengths/areas of applicability and their weaknesses/areas of irrelevance or limited applicability, and talk about how the approaches would need to be adjusted from their usual forms in order to match the affordances and limitations of certain students, instructional situations, etc. The authors focus on theory and research relating to social constructivist teaching, not merely social constructivist ideas about epistemology or learning. Taken together, the contributions encompass most grade levels and school subjects and include attention to small-group as well as whole-class settings...

Reviews

I just started off reading this article publication. This really is for all who statte there had not been a really worth looking at. You will not feel monotony at anytime of your own time (that's what catalogs are for about should you ask me).
