Bulletin: College of Engineering, 1908-1909 (Classic Reprint) (Paperback)

By Marquette University

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Bulletin: College of Engineering, 1908-1909 Since Algebra is vitally fundamental in this course, it is essential that a prospective student have a practical knowledge of its important operations. To insure this an examination in this subject is required of all candidates prior to their matriculation at the college. Candidates not eligible to admission according to the above conditions may be admitted as special students to lectures and laboratory courses. They will be required to pass a satisfactory examination in the branches of a high school course in order to give evidence of their ability to carry on successfully the courses which they desire to enter. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy.
