GROWTH HACKER: GROWTH HACKING CASE STUDIES

CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 106 pages. Dimensions: 9.0in. x 6.0in. x 0.2in. Think outside the box and use nontraditional marketing to boost your growth! Growth hacking the brand new buzzword that is all the rage in Silicon Valley and the online ecosphere is at once a controversial and revolutionary practice that is changing the way that people do business online. Like all great advancements, it has its proponents and detractors, of course; there are some that say growth hacking is the future of business online, and others that say its merely another iteration of the many-headed beast known as the marketing department. This is what a growth hacker does: They program growth into every aspect of a business. Traditionally, its the job of a marketer to bring a customer into a funnel, and the job of a salesperson to close the sale. A growth hacker upends the old model by priming every single step of a customer funnel from acquisition to revenue for as much explosive growth as possible. Growth hackers accomplish this by applying all of the science of product development to the art of marketing, and vice versa. When the product has built-in, user-driven marketing that is as scalable as the size of the user base, it is said to have virality. Virality is the holy grail for the growth hacker. By reading this book you will: 1. Learn how Airbnb applied growth hacking 2. Learn how Facebook applied growth hacking 3. Learn how Pinterest applied growth hacking 4. Learn how Twitter applied growth hacking 5. Learn how Dropbox applied growth hacking 6. Learn how LinkedIn applied growth hacking And more! Growth hacking is responsible for so many people getting jobs. Its basically everything what school isnt. School teaches you...
