

Vaastu Shaastra: An Ancient Technological Treatise

By Reena Patra

Finger Print Publishing, New Delhi, 2013. Soft cover. Book Condition: New. Vaastu Shaastra, the Vedic treatise on the principles of design and construction, is more intricate and elaborate than how the texts in circulation today understand it. These books erroneously attempt to provide readymade solutions in the form of drawings for designs of buildings, thereby fixing the architectural expression of the norms. What makes this book exclusive is its intensive discussions on aspects like typology, form, aesthetics, building elements, materials of construction, and the system of proportionate measurement. The study of Vaastu Shaastra in this book is presented not as an assembly of fragmentary pieces of knowledge, but as a complete program for architectural design and sustainable development. It treats Vaastu Shaastra not as a rigid set of rules and directives, but as a huge corpus of knowledge that forms the primary blueprint. Page Extent: 232.

Reviews

This pdf will be worth buying. Better than never, though i am quite late in start reading this one. I am easily can get a enjoyment of reading through a published book.

-- Paul Ankunding

Definitely one of the better book We have possibly read. We have read through and i also am certain that i am going to gonna study once again yet again in the foreseeable future. Once you begin to read the book, it is extremely difficult to leave it before concluding.
