Are you the next target of cyber criminals? Probably yes! Cyber Criminals are the best con artist who will trick you to do things which you otherwise won't do. The best of systems security will get compromised due to the weak human security. Tons of malicious content flood the internet. This will compromise your system and your device. If you believe that using Antivirus will keep you safe. You are probably wrong. A skilled hacker can reverse engineer. You, your family and your organization is the easiest target for Hackers - if we don't make their attempts unsuccessful. We love freebies but not every free thing you get on internet is free. Most of them have proven track record of resulting into costliest affairs. A bad coded pdf file or even image file is dangerous. A too good be true offers will tempt you and you will be their target audience. A fake notice from police or lawyer or even banks or regulatory agencies will trick your mind. Best of best protection fails, attackers defraud large organizations, banks and financial institutions. Tons of fortune is lost every year. The hard-earned money stolen and you are helpless. Give me 150 minutes and I will show you 55 traps that led to a stunting cyber crime and cyber attacks. Consequencing into big financial loss, mental agony, privacy exposed, information leaks and mess up your digital life. Each trap just requires 6-15 seconds of your attention to de-rail cyber attacks and cyber criminals efforts. I will walk you through the process of securing your self, family, friends, organization and of course your money! So that you aren't the next target of cyber...
