CEREBROVASCULAR SURGERY: AN INTERACTIVE VIDEO ATLAS (MIXED MEDIA PRODUCT)

PMPH-USA Limited, United States, 2015. Mixed media product. Condition: New. Language: English . Brand New Book. The first comprehensive video archive of open surgical techniques for the management of cerebrovascular disease available for general use by practitioners and resident physician trainees. Despite advances in technology that have made new, minimally invasive approaches possible, these endovascular treatments are not always superior to open surgical intervention, nor are they always feasible. Therefore, a need for open surgical procedures will continue to exist...

Reviews

Good electronic book and valuable one. It is one of the most incredible publication we have read through. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Mrs. Bridgette Rau MD**

These sorts of publication is the perfect pdf accessible. It is filled with wisdom and knowledge You are going to like the way the author write this book.
