Brand New Book ***** Print on Demand *****.Liv is a cognitive neuroscientist and Traveler for the Department of Parallel and Otherdimensional Travel, a top-secret black-ops program run out of Area 51. In a parallel world she meets a mysterious Traveler named Elachai. He claims he's running from demons, the obviously mythical denizens of a world so awful it's called Hell. Then he wipes her memory and vanishes. Her team rushes to determine what Elachai did to her-and how. But even with her advanced knowledge, she finds no answers. And as for demons? There's no proof they even exist. Then demons attack Liv's team, and their existence is pretty thoroughly proved. The team learns the demons are on a warpath to conquer worlds, commanded by the leader they call the Wolf. Her team must stop them before they conquer all the multiverse. But it's pretty hard to stop practically immortal beings who are impervious to bullets, especially when their leader knows more than he should about Home World's allies. When they find out Home World is next, Liv and her team are frantic to learn how to stop the demons before they can invade. But confronting the Wolf is far more dangerous than they know, and to succeed, Liv will have to confront another kind of demon-one from her past-on his own ground: Hell.
