Reviews

Thorough manual for pdf lovers. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.

Palgrave Macmillan, UK. Hardcover. Condition: New. First Edition. 258 pages. Available Now. Book Description: This volume investigates the specific role of transnational corporations in the process of globalization and economic development. While it draws on a long history of academic research, it also shows new ways forward. It makes headway both in conceptual as well as empirical terms. Topics covered include locational clustering, research and development partnering, productivity spillovers, privatization, disinvestment, terrorism, and the role of and impact on transnational corporations. A future research agenda is also put forward. : Review: 'This edited volume is a welcome contribution (from a neutral point of view) to the literature on the impact of TNCs on economic development. the books is a clearly written contribution that fits in the work of Daniel van den Bulcke and is an informative book.' - Cees van Beers - Development and Change : About the Author: LUDO CUYVERS is Professor in International Economics at the University of Antwerp. He is Chairman of the Department of International Economics, International Management and Diplomacy at the Faculty of Applied Economics and Director of the Centre on ASEAN Studies at the University of Antwerp, and President of the European Institute for Asian Studies. His research interests are in the field of development strategies of Southeast and East Asian countries and on international trade policy issues.: FILIP DE BEULE is Assistant Professor at the Institute of Development Policy and Management at the University of Antwerp.
