Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Determination of the Source and the Means of Prevention of Stones in Glass The petrographic microscope affords a means of distinguishing: between devitrification, batch, and refractory stones. Compounds crystallizing as devitrification stones are described and a method of determining the proper changes in temperature or composition of the melt to eliminate them is given. The characteristics of batch stones are enumerated and better grinding and mixing of the batch are suggested as means of prevention of this type of stone. The degree of reaction Of refractory stones with the molten glass and the crystal line compounds formed are discussed; and they may be used as a.
