

Light Chemical Water Pollution Control (with disk)

Filesize: 5.69 MB

Reviews

An exceptional ebook along with the typeface employed was intriguing to see. It really is simplistic but surprises within the fifty percent of the ebook. It is extremely difficult to leave it before concluding, once you begin to read the book.

(Brian Miller)

LIGHT CHEMICAL WATER POLLUTION CONTROL (WITH DISK)

paperback. Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Paperback. Publisher: China Textile Pub. Date :2008-09-01. This book is the general higher education Eleventh Five-Year national planning materials. Introduces the unit commonly used method of wastewater treatment and combination treatment processes. wastewater in different sectors of light chemical industry carried out a detailed analysis of water quality. recycling of waste water pollution and resource utilization of technology. clean production technology and other content in a more systematic described. The material is comprehensive. systematic. theory is strong. but also on engineering practice. has a strong practical. Lightweight materials can be used as the teaching of undergraduates with a book. but also for environmental engineering. light industry clean production technology researchers. engineers and technicians reference reading. Contents: Chapter 1 Introduction and first self-cleaning a water pollution. water resources and pollution profile two. three sources of water pollution. water pollution Fourth. Section II light water self-purification characteristics and chemical wastewater pollution index a light chemical wastewater characteristics Second. the main pollution indicators light chemical wastewater pollution control III light chemical principles and methods of a light chemical water pollution control. the basic principles of two light water pollution control. the basic method of chemical light the fourth quarter of wastewater treatment and chemical treatment of a . of two wastewater treatment. wastewater treatment and classification of three wastewater treatment Chapter Law Section mechanical physical laws one interception. two grille. mesh II water quality and quantity adjustment method one. water quality and quantity adjust two. regulating pond and construction of three types. regulation pool design calculations precipitated a third quarter. precipitation type II. the ideal work of analysis of three sedimentation tanks. sedimentation tanks of the type. structure and design of a fourth...
