

Essential Evolutionary Psychology (Hardback)

Filesize: 9.67 MB

Reviews

It is one of the most popular publications. We have read through and that I am sure that I will likely study again once more later on. I am just delighted to tell you that this is actually the finest publication we have read through in my individual existence and might be the best pdf for actually.

(Mr. Cloyd Schmidt II)

ESSENTIAL EVOLUTIONARY PSYCHOLOGY (HARDBACK)

SAGE Publications Inc, United States, 2010. Hardback. Condition: New. Language: English . Brand New Book. Electronic Inspection Copy available for instructors here `It is refreshing, in the wake of the sometimes uncritical enthusiasm for evolutionary psychology, to read a thoughtful and balanced account of the problems as well as the benefits of an evolutionary perspective on human behaviour - Professor Anne Campbell, Durham University Essential Evolutionary Psychology introduces students to the core theories, approaches, and findings that are the necessary foundations for developing an understanding of the evolutionary psychology. It offers a sound, brief and student friendly explication of how evolutionary theory has been and is applied in psychology. The book unpicks the very essence of human evolution, and how this knowledge is used to give evolutionary accounts of four of the central pillars of human behaviour - cooperation, attraction, aggression, and family formation. It also covers evolutionary accounts of abnormal behaviour, language and culture. Visit the Companion Website at.
