## The Use of the Apocrypha in the Christian Church (Classic Reprint)

By William Heaford Daubney

Forgotten Books. Paperback. Condition: New. This item is printed on demand. 134 pages. Dimensions: 9.0in. x 6.0in. x 0.3in. Excerpt from The Use of the Apocrypha in the Christian Church. The following pages have been written in the hope of supporting the position taken up by the VIth Article of Religion with regard to the Apocryphal books. The negative side of that position seems to have been far too much insisted upon; the positive side far too little. The results may be perceived in the omission of these books from the great majority of English Bibles printed in the present century, and in the disproportionately small use made of the Apocrypha for the purposes the Article specifies. That such was not the practice of the Church in the early centuries, nor formerly of the Church of England, either before or after the Reformation, it is the aim of this Essay to shew. There are now distinct indications that the neglect of the other books is on the wane. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
