Reviews

It is an incredible publication that we have actually read through. It is among the most incredible pdf i actually have study. I am just pleased to let you know that here is the very best pdf i actually have study in my personal lifestyle and could be he greatest book for possibly.

(Ms. Linnea Medhurst I)

CHAOSOPHY: TEXTS AND INTERVIEWS 1972--1977 (PAPERBACK)**DOWNLOAD**

AUTONOMEDIA, United States, 2008. Paperback. Condition: New. new edition. Language: English . Brand New Book. Groundbreaking essays that introduce Guattari's theories of schizo-analysis, in an expanded edition. Chaosophy is an introduction to Felix Guattari's groundbreaking theories of schizo-analysis : a process meant to replace Freudian interpretation with a more pragmatic, experimental, and collective approach rooted in reality. Unlike Freud, who utilized neuroses as his working model, Guattari adopted the model of schizophrenia--which he believed to be an extreme mental state induced by the capitalist system itself, and one that enforces neurosis as a way of maintaining normality. Guattari's post-Marxist vision of capitalism provides a new definition not only of mental illness, but also of the micropolitical means for its subversion. Chaosophy includes such provocative pieces as Everybody Wants to Be a Fascist, a group of texts on Guattari's collaborative work with Gilles Deleuze (including the appendix to Anti-Oedipus, not available in the English edition), and How Martians Make Love, a roundtable discussion with Guattari, Lotringer, Catherine Clement, and Serge Leclaire from 1972 (still unpublished in French). This new, expanded edition features a new introduction by Francois Dosse (author of a new biography of Guattari and Gilles Deleuze) and a range of additional essays, including Franco Basaglia: Guerrilla Psychiatrist, The Transference, Semiological Subjection, Semiotic Enslavement, The Place of the Signifier in the Institution, and Three Billion Perverts on the Stand.
