Reviews

Certainly, this is the greatest work by any author. It can be written in easy words and phrases rather than confusing. I am just happy to let you know that this is actually the greatest ebook we have studied inside my individual daily life and may be the greatest ebook for at any time.

Forgotten Books, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Latter-Day Saints Millennial Star, Vol. 95: July 13, 1933 I defy any student to point to any advancement in art, literature, science, religion, or invention that was not ridiculed to start with. When Galileo announced that the earth revolved, what did they do with him They sentenced him to death, and then, thinking it was too bad to kill the poor old fellow on this ?at earth, they finally let him go, upon his pledging himself that he would not talk about the earth revolving. But he could not keep the truth back, and he taught it privately. They passed sentence on him to the effect that he must lie down in front of the church so that all could step 011 him as they came out from worshipping God 011 a solid earth that did not move. If it turned around once we would all ?y off it, according to the idea then. After the last one had stepped on Galileo he got up and said, Well, it goes round just the same. My friend said: The Saviour Himself was crucified, and I want you to know, Mr. Grant, that majorities to start with always go wrong.
