It is just one of my personal favorite publications. It is among the most awesome publications I have read. It is extremely difficult to leave it before concluding, once you begin to read the book.

Rockpool Publishing, Australia, 2016. Paperback. Condition: New. Language: English . Brand New Book. In Astrology: Secrets of the moon Patsy Bennett focuses on the study of the moon s north node signs. Based on your unique astrological makeup you will also discover your most successful career paths, your most rewarding activities and the most fulfilling approaches to life that you can take. Much like a sun sign book, this book lists each north node sign from Aries to Pisces as a handy dip-in, dip-out book. You ll learn about yourself and those close to you, including your children. Each of the 12 zodiac signs depicts psychological archetypes and within each zodiac sign there are 12 sub-sections that explain in detail the secret you. Each section has a list of Approaches, Talents, Interests, Challenges and Potential pitfalls, these subheadings list key words and career suggestions.
