Forgotten Books. Paperback. Condition: New. This item is printed on demand. 156 pages. Dimensions: 9.0in. x 6.0in. x 0.3in. Excerpt from China and the Powers: Chapters in the History of Chinese Intercourse With Western Nations. The chapters contained in this volume were originally written to form part of a larger work, which, as originally projected by Mr. Ireland, was to have contained chapters on China's relations with France, Germany, and Japan, together with a concluding study of the Conflicting Interests and Ambitions of the Great Powers in China. Owing to ill-health, Mr. Ireland was compelled to abandon this work; and other duties have now rendered its completion, as originally planned, impossible. As the finished portion of the work is complete in itself, and as the statistical appendices contain a thorough analysis of Chinese trade during twenty years, it is believed that its value to students is sufficient to justify its publication. One hundred and fifty copies are therefore being printed for private sale, after which printing the plates will be destroyed.
