AN OUTLINE OF THEOSOPHY (PAPERBACK)

Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.

For many a year men have been discussing, arguing, enquiring about certain great basic truths-about the existence and the nature of God, about His relation to man, and about the past and future of humanity. So radically have they differed upon these points, and so bitterly have they assailed and ridiculed one another s beliefs, that there has come to be a firmly-rooted popular opinion that with regard to all these matters there is no certainty available-nothing but vague speculation amid a cloud of unsound deductions drawn from ill-established premises. And this in spite of the very definite, though frequently incredible, assertions made on these subjects on behalf of the various religions. This popular opinion, though not unnatural under the circumstances, is entirely untrue. There are definite facts available-plenty of them. Theosophy gives them to us; but it offers them not (as the religions do) as matters of faith, but as subjects for study. It is not itself a religion, but it bears to the religions the same relation as did the ancient philosophies. It does not contradict them, but explains them. Whatever in any of them is unreasonable it rejects as necessarily unworthy of the Deity and derogatory to Him; whatever is reasonable in each and all of them it takes up, explains and emphasizes, and thus combines all into one harmonious whole.
