What is the origin of Virginia s people? What are the sources of her various race-elements? and how has the further history of these elements been affected and modified by climatic conditions, by geographical divisions, by the physical contour of the land, by peculiarities of soil, nay, further, by traditions and customs and habits, that manifestation of a man s self arid a nation s existence from which neither ever seems to break completely away. Cast a glance upon the map of Virginia and note the divisions of to-day, politically, materially, and industrially, varied and diverse. Five divisions will indicate roughly these differences: First, the Tide-Water, including the parts contiguous to the navigable streams; second, the Southside; third, the Valley; fourth, the Southwest; and fifth (I shall add for our present purposes), West Virginia.
