Excerpt from The Time Elements of the Oresteian Trilogy: A Thesis Submitted for the Degree of Doctor of Philosophy, University of Wisconsin, 1897 Here there are two opposing theories. The first, and older of these, was, until a few years ago, the only one. It assumed, rather as a matter of course than as a matter in need of proof, the same long period of time between the death of Agamemnon and the return of Orestes which Homer, Pindar, Sophocles and Euripides have made familiar. The second view was advanced quite recently by Professor Seymour in an interesting article, On the Duration of the Action of the Oresteian Trilogy. He states his main assumption in the following words: My thesis is, that according to Aeschylus, the action of the Eumenides closes only a few days (perhaps ten) after the Agamemnon. He thus makes the first two plays almost continuous in action. Professor Seymour's ideas have been accepted and championed by Professor Louis Dyer. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
