

## Becoming Us: 8 Steps to Grow a Family That Thrives (Paperback)

Filesize: 9.18 MB

### **Reviews**

*Good electronic book and useful one. It usually does not expense a lot of. It is extremely difficult to leave it before concluding, once you begin to read the book.*

*(Annette Boyle)*

## BECOMING US: 8 STEPS TO GROW A FAMILY THAT THRIVES (PAPERBACK)

Three Turtles Press, 2014. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. When couples start thinking ahead about their transition into parenthood , they picture the family of their dreams. But transition doesn't describe the reality for most new parents. Adventure is more like it. And, like any adventure, there's bound to be some rivers to cross and mountains to climb. If you're a new parent, you'll be discovering this for yourself. Your baby is beyond adorable, but some of the learning curves are probably steeper than you'd expected. Breastfeeding doesn't necessarily come naturally at first. Settling your baby can leave you with frayed nerves. Negotiating visits from your in-laws can cause conflict and your partner just doesn't understand. Some days you're ahead and others you're feeling snowed under. You may wonder what's happening and why it's happening to you, when everyone on Instagram seems to be doing just fine. If this sounds like you, don't worry, you're not alone! Forget Instagram. Most new parents struggle at some stage. Chances are you just weren't prepared for it all. You had regular check-ups during pregnancy, a team for your birth and then nothing. You and your partner have to figure out all the after you get the baby home stuff on your own. But what if you could both plan now for the next river or mountain or snow day? What if you could have foresight for the normal and common parenthood challenges that life's likely to throw at you over the next few years? What if, no matter where you were in your parenthood adventure, there was a way, not only to cope with the challenges, but to pull...
